### This, That, These, Those- Adjectives Worksheet

- An adjective is a word that describes a noun.
- Adjectives can tell which ones such as:

Carl took those bags to the grocery store.

adjective = those      those tells *which* bags

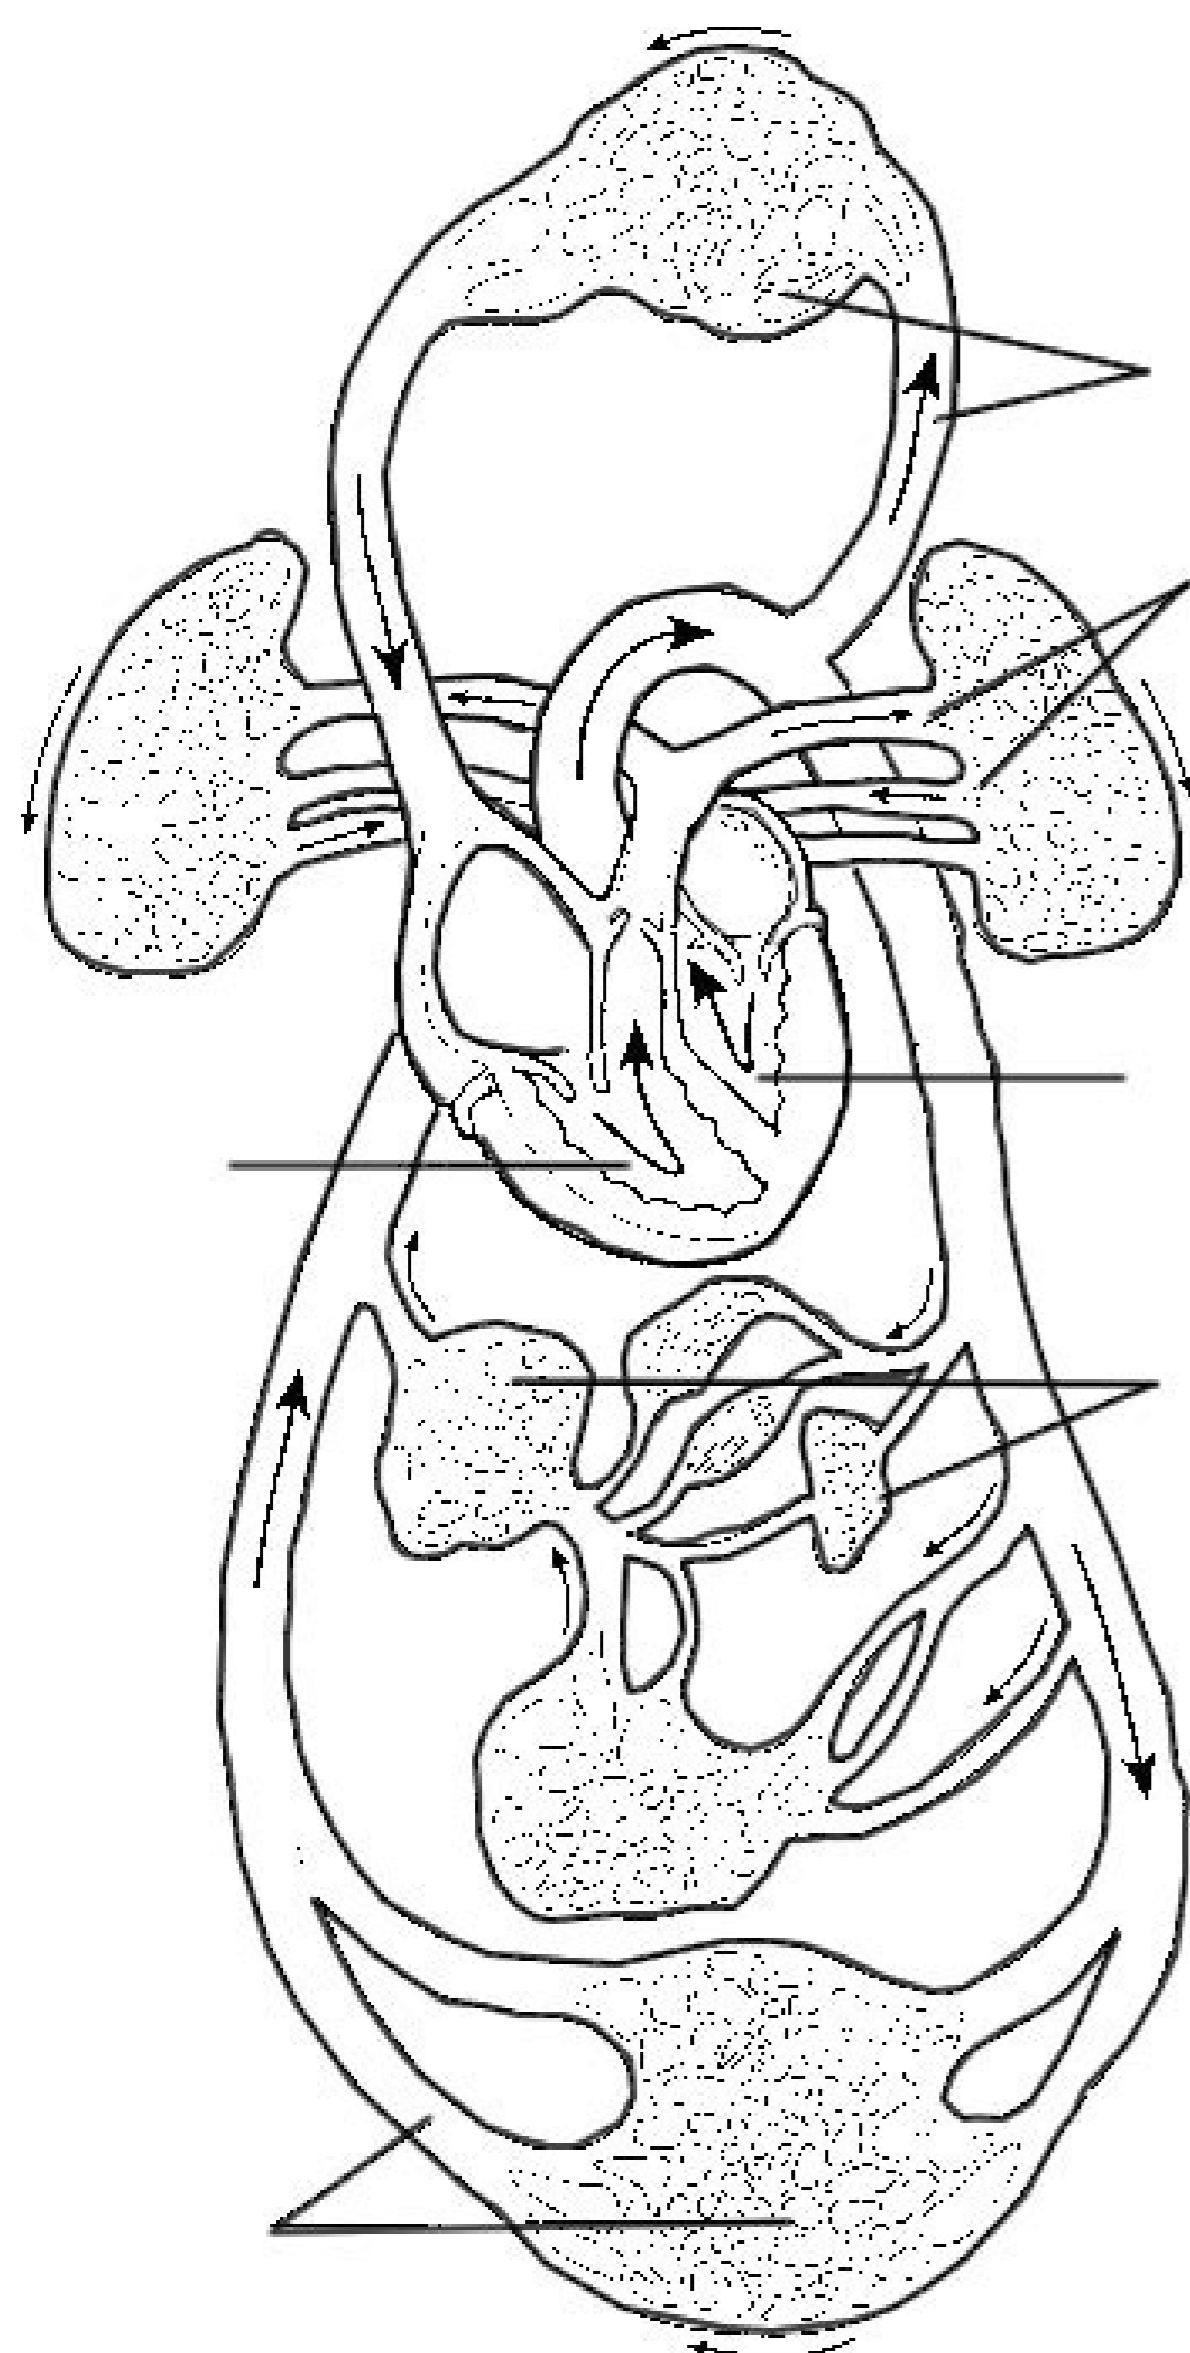

Complete each sentence by writing *this*, *that*, *these*, or *those* to describe *which one* of the underlined noun.

1. I can't read \_\_\_\_\_ book.
2. Please don't put \_\_\_\_\_ shoes away.
3. \_\_\_\_\_ pencils need sharpening.
4. Joseph and Andre like \_\_\_\_\_ cookies.
5. The camper needs \_\_\_\_\_ sleeping bag.
6. Brandon plays at \_\_\_\_\_ park every afternoon.
7. Tim cooks \_\_\_\_\_ dinner every Tuesday.
8. I like running around \_\_\_\_\_ neighborhood.

Name: \_\_\_\_\_ Date: \_\_\_\_\_ Financial Open Book Quiz

Matching: choose the definition that correctly describes each term.

- |                                   |  |
|-----------------------------------|--|
| 1. _____ Check                    | A. Cash advance, written by you and cashed by recipient  |
| 2. _____ Checking account         | B. Maximum amount you can charge on your credit card   |
| 3. _____ Savings account          | C. Your property is taken away when you fail to repay your loan or pay the minimum on your credit card       |
| 4. _____ Debt card/bank card      | D. A numerical listing of your credit history  |
| 5. _____ Reversed check           | E. Bank issued card which withdraws money from your checking account   |
| 6. _____ Overdraft protection     | F. Record of all your deposits, investments, and checks  |
| 7. _____ ATM                      | G. Employer deposits your paycheck to your account for you   |
| 8. _____ Repayment                | H. Property you can keep if someone does not repay you   |
| 9. _____ Credit check             | I. Amount which holds your money for daily purchases   |
| 10. _____ Check registry          | J. Your past history of repaying on time   |
| 11. _____ Cash out                | K. Someone who borrows money or is given credit  |
| 12. _____ APR                     | L. Automated Teller Machine  |
| 13. _____ Minimum payment         | M. Lower amount you can pay on your credit card monthly  |
| 14. _____ Cash loan               | N. Check that has been cashed by the person receiving it   |
| 15. _____ Interest/finance charge | O. Check written from an account with too little money to it to cover the check                              |
| 16. _____ Cheque                  | P. Personal company giving you credit  |
| 17. _____ Equity                  | Q. How you pay to buy things on credit   |
| 18. _____ Collateral              | R. Your ability to repay (how to job)  |
| 19. _____ Credit                  | S. Bank program which protects you from bouncing checks  |
| 20. _____ Debt/borrower           | T. Annual Percentage Rate  |
| 21. _____ Direct deposit          | U. Amount which holds your money for large future purchases, you can borrow on money in this type of account |
| 22. _____ Credit score            | V. Use the card to buy now and pay later (like borrow)   |

## Check for Understanding

1. What are the two main functions of the circulatory system?
2. What are the three main parts of the circulatory system?
3. What is a blood vessel?
4. What is an artery?
5. What is a capillary?
6. What is a vein?

Today's Objective: Scientists will be able to describe the circulatory system and explain its importance.

## Choose the Correct Unit

Look at the pictures below, cut out the units you would use to measure them and stick them below.

cm	cm	cm	cm	cm
m	m	m	m	m

It would be a great Video Unit of the Prehuman Circulatory System LINKSby This download includes links to a video UNIT on CIRCULATION. I usually use this doctor with a mailbox. This would be very easy to refer to and colorful to see when high school students are reviewing the circulatory system in biology class. Using real-life examples and analogies to explain how the system works.This is 300 slide PowerPoint question game that reviews the material covered in my circulatory system lesson and respiratory system lesson that I offer on TpT. It contains multiple types of questions: short answers, sequencing, fill in the gaps with the correct word, compare or contrast items, etc. Respiratory and circulatory systemsby short article describing the steps, organs and functions of the respiratory and circulatory systems. You can also just click on the links below.Anatomy of the heartCardiac cycleElectrical system of the heartBlood vesselsBlood flow pathBlood vesselsMain blood vesselsFetal circulationCapillary fluid exchangeHomeostatic Pressure Control Sanguinea CeSubjects:Grades:8o à 12o, Higher Education, Ad Education0Page 5This test tests the student's understanding of the respiratory, digestive, excretory, circulatory, skeletal, and muscular systems of the body. This fun web search guides students through several different websites where they will learn key points of the circulatory system. You can find this unit here.Topics:Types:Webquest Circulatory Systemby Cindy Kreis, this web search was designed by me, thinking of the tenth grade biologist student. This study guide includes levels of organization (atom, molecule, organ, cell, tissue, organ, organic system, organism), circulatory system, respiratory system, system Two cards of each of the steps, a numbered and the other without numbering to order the processes of each system in an autocorrectible way. It can be used as an ongoing activity, or as a previous and subsequent test. The file is 2 2 It includes questions about the different types of blood cells and their functions, the different types of blood, and the basic functioning of the heart.Types: Circulatory System (WORD WALL)by These word wall cards are part of the complete (Make it! Move it!) Circulatory System Unit. Subjects: Multiple choice test of the circulatory system, comprehension questions, coincidences, true or false statements to evaluate students' mastery of the circulatory system after having taught unity. Activities involve dragging and dropping anatomic terms to the correct anatomic structure in visually stimulating internet images. It can serve as a worksheet, qPage 6Have your students make connections and see the big picture of how materials flow into and out of the circulatory system. Do it! Move it! Human Body Package (CLICKSubjects:Page 4Circulatory System Summary Sheetby This is a colorful, visual summary sheet about the circulatory system that includes the heart, RBC, and a more detailed page about WBC. Uses of water cells, bone marrow, skeletal systems, axial vs appendicular skeleton, long bones, short bones, flat bones, irregular bones, tendons and ligaments, bones of Page 11Natural Science Controlby This control is acot Follow me on TpT and quote my work (Prepared by,...), remember that you are downloading someone else's work, which I am kindly sharing with you.Nutrition: Card Systems to work the four systems involved in Nutrition: Respiratory, Circulatory, Digestive and Excretor. Students will learn the parts of the heart, the circulatory path the circulatory system bPage 3Interactive by This is a Word document with 2 interactive circulatory system on the same website. students use words from a word bank (endocrine system, liver, large intestine, small intestine, riÀ±ones, lungs, diÀ³ carbon oxide, oxygen, hormones, nutrients, water, waste, Page 7) Made for Unit of human body systems. WPAGE 9HUMAN BODY SYSTEMS is compatible for a way for students to demonstrate their knowledge of several body systems. There are 5 pages of related word cards to choose and choose. Aimed at readers of quarter or fifth grade. Also as game Matters: Showing 241-243 of 243 results There is space for diagrams and labels, as well as a space to write notes. The website requires flash. The answers include ... Circulatory system (Press here!) Interested in saving with the package? If you cut, you can stick together to form a booklet. To be used with some type of worksheet «Respond to the informative text. The unit was built taking into account NGSS standards. This book is a part of my complete unit of the human body designed for Kindergarten and 1st grade students. This set of resources is closely aligned with the Primary Science Studies Plan 5 of the Ministry of Education in Singapore. For activities, you can choose that your students work independently, WIMY CIRCULATORY SYSTEMBY Á «My Circulatory System» is a PowerPoint designed to be read and discussed with students during a lesson over the human body's circulatory system. It includes a key. Aspage 8tem: biology (vertebrate traits), anatomy, compare / contrast Style: Slow Jazz, Big Band, Minor, Subtil Humor Instrument: Piano Voice: Soprano, Alto Key: C Time SIG: 6 / 8 Resumeneste Jazz, minor, highly Snappable song compares the 5 types of animals in the edge of vertebrates. Study topics in this revision game are cardiovascular system, cellular respiration, system functions ?atelpmoc ?atelpmoc dadinu al ne odaseretnlçA. airaid esalc us ne esodn©Áivom y odnarobaloc ,odneidnerpa ,soditemormoc sonmula sol a renetnam arap oda±Àesid jÀtse onamuH oirotalucriC ametsiS led sosruceR ed eteuqaP etsE2 egaPeuqofne ,ergnas al ed otneimivom
